- › Eco-Schools and Eco-Campus
- › Actions in the surrounding community
- › Charitable IPS
- › Volunteer Work

* Times Higher Education. The University Impact Rankings 2020.

HIGHER EDUCATION

TWO CAMPUSES • FIVE SCHOOLS

Setúbal Campus

- › Escola Superior de Tecnologia de Setúbal
- › Escola Superior de Educação
- › Escola Superior de Ciências Empresariais
- › Escola Superior de Saúde

Barreiro Campus

- › Escola Superior de Tecnologia do Barreiro

ESCOLA SUPERIOR DE TECNOLOGIA DE SETÚBAL

Escola Superior de Tecnologia de Setúbal (*Setúbal School of Technology*) was the first active school in 1983. It currently focuses on training highly qualified professionals in the field of Engineering and Technology, who can contribute to the scientific and technological progress of the region, the country, and the world.

ESCOLA SUPERIOR DE EDUCAÇÃO

Active since 1985, the main goal of Escola Superior de Educação (*School of Education*) is to train educators and teachers as well as higher professionals in several fields of Social Sciences and Sports preparing them to take active part in schools, in the media, and in society.

ESCOLA SUPERIOR DE CIÊNCIAS EMPRESARIAIS

Escola Superior de Ciências Empresariais (*School of Business and Administration*) was created in 1994 with a focus on the development of a real business environment in the school. It trains flexible and dynamic professionals who combine general knowledge in business management with a major in one of the several fields of Business Sciences.

ESCOLA SUPERIOR DE TECNOLOGIA DO BARREIRO

Escola Superior de Tecnologia do Barreiro (*Barreiro School of Technology*) has been carrying out its activity since 1999 in order to meet the needs that arise from Civil Engineering, Chemistry, and Biotechnology. It focuses on the practical and assertive training of highly qualified professionals in an award-winning building especially designed for the training it provides.

ESCOLA SUPERIOR DE SAÚDE

Created in 2000, Escola Superior de Saúde (*School of Health*) is currently a reference in higher education for professionals in the multiple areas of intervention in healthcare through education that is based on humanism and scientific, technical, and ethical development with the intent of continuously improving the quality of life of people.

STUDY

AT POLITÉCNICO DE SETÚBAL

EDUCATION

Higher Professional
Technical Courses

Degrees

Master's Degrees

Postgraduate
Degrees

Micro-Credentials

FIELDS OF KNOWLEDGE

- › Engineering and Technology
- › Social Sciences, Education and Sports
- › Business Sciences
- › Healthcare

COURSES

ESCOLA SUPERIOR DE TECNOLOGIA DE SETÚBAL

HIGHER PROFESSIONAL TECHNICAL COURSES

- › Aeronautical Production
- › Automation, Robotics and Industrial Control
- › Automotive Management and Technology
- › Development of Videogames and Multimedia Apps
- › Electric Vehicles
- › Electronic and Computer Systems
- › Food and Environmental Quality
- › Industrial Maintenance
- › Information Systems Technologies and Programming
- › IT Systems and Programming (Acceleration Program)
- › Smart Grids and Domotics
- › Web Programming, Mobile Apps and Devices

UNDERGRADUATE DEGREES

- › Automation, Control and Instrumentation Engineering
- › Biomedical Technology
- › Computer Science and Engineering
- › Electrical and Computer Engineering
- › Energy Technologies
- › Environmental and Maritime Technologies
- › Mechanical Engineering
- › Technology and Industrial Management

MASTERS DEGREES

- › Aquaculture Engineering and Management
- › Biomedical Engineering
- › Production Engineering
- › Software Engineering
- › Electrical and Computer Engineering
- › Engineering and Energy Management in Industry and Buildings

POSTGRADUATE DEGREES

- › Electric and Hybrid Vehicles Engines

COURSES

ESCOLA SUPERIOR DE EDUCAÇÃO

HIGHER PROFESSIONAL TECHNICAL COURSES

- › Audiovisual Production
- › Family and Community Services
- › Nature Sports

UNDERGRADUATE DEGREES

- › Basic Education
- › Media Studies
- › Sociocultural Animation
- › Sports
- › Translation and Interpretation of Portuguese Sign Language

- › Accounting and Finance
- › Business Sciences
- › Data Science for Business
- › Health and Safety at Work
- › Information Systems Management
- › Marketing Management
- › School Management and Administration
- › Strategic Human Resources Management
- › Supply Chain Management and Logistics

POSTGRADUATE DEGREES

- › Business and Corporate Finance
- › Controlling
- › Data Management and Visualisation in the Cloud
- › Procurement
- › Public Accounting

COURSES

ESCOLA SUPERIOR DE TECNOLOGIA DO BARREIRO

HIGHER PROFESSIONAL TECHNICAL COURSES

- › Civil Construction
- › Chemical and Biological Lab Technologies
- › Information System Technology and Programming

UNDERGRADUATE DEGREES

- › Bioinformatics
- › Biotechnology
- › Civil Engineering
- › Petroleum Technologies

MASTERS DEGREES

- › Building Conservation and Rehabilitation
- › Biotechnology and Chemical Engineering
- › Civil Engineering

COURSES

ESCOLA SUPERIOR DE SAÚDE

UNDERGRADUATE DEGREES

- › Nursing
- › Physiotherapy
- › Speech Therapy

MASTERS DEGREES

- › Advanced Physical Therapy Practice in Neurology
- › Nursing (in association)
- › Physiotherapy in Musculoskeletal Conditions
- › Speech and Language Therapy

CAMPUS OF KNOWLEDGE

3 Student Residences (Setúbal • Barreiro • Sines)*

5 Canteens and Snack Bars

1 Multi-Sports Hall

4 Libraries

9 Auditoriums

50 Labs

1 Business Idea Incubator

1 of the most beautiful bays in the world

* Residences in Barreiro and Sines will be available by 2026.

58M €

***Annual impact of
Politécnico de Setúbal on
local economy***

AT THE TOP OF EMPLOYABILITY IN PORTUGAL

WHY?

- › Courses developed together with the labour market
- › Internships incorporated into the courses
- › Learning based on real challenges (Project-Based Learning)
- › Employment Week
- › Career development workshops and seminars
- › Passport to Employment
- › Mentoring | Alumni & other Students

INNOVATE AT POLITÉCNICO DE SETÚBAL

RESEARCH AND ENTREPRENEURSHIP

Creating value through research

- › Coordination and/or incorporation into national and international projects
- › Research Scholarships and Support
- › Research Centres in various fields of knowledge

Encouraging an entrepreneurial culture

- › IPStartUp (Business Idea Incubator)
- › Poliempreende (National Tender)
- › Course Unit included in the programmes

RESEARCH CENTRES

› RESILIENCE

*Research Center for Regional Development
and Sustainability*

› MARE

Marine and Environmental Sciences Centre

› CIEQV

Life Quality Research Centre

› ALGORITMI
